

July 2011

Dear Parent/Guardian,

Remember when you were considering Lawrence School and the encompassing anxiety surrounding this major decision? Well, we need your help in reaching out to prospective families. Lawrence School depends on current and former parents and students to help acquaint prospective families with our school. Parents going through the admission process often request to talk to parents who have experience with our program. I am asking for permission to give your name and phone number to prospective parents to discuss the school. I would appreciate any assistance that you can offer.

Please complete the tear-off form below and return it to me at Lawrence along with the other enclosed forms.

Thank you, in advance, for your support.

Douglas W. Hamilton

Douglas W. Hamilton
Director of Admission

✂-----

I give my permission for Lawrence School to furnish prospective Lawrence School parents with my name and phone number.
